Education

University of California, Berkeley — August 2015 – present
Pursuing a Ph.D. in Astronomy, expected 2021
M.A. in Astronomy — May, 2017

University of Michigan, Ann Arbor — May 2015
B.S. in Physics and B.S. in Astronomy & Astrophysics

Research Focus

I explore the frontiers of the distant universe through radio frequency observations of primordial hydrogen. My research connects these observations to models of galaxy evolution to learn about how the first generation of stars and galaxies formed and how this was tied to the large-scale structure of the universe.

Talks and Presentations

Science at Low Frequencies III, Contributed Talk — December 2016
California Institute of Technology, Pasadena, CA

225th American Astronomical Society Meeting, Contributed Poster — January 2015
Seattle, WA

Astronomy Undergraduate Research Session, Contributed Poster — April 2014
University of Michigan, Ann Arbor, MI

223rd American Astronomical Society Meeting, Contributed Poster — January 2014
Washington, D.C.

Cyber Infrastructure Days, Contributed Poster — November 2013
University of Michigan, Ann Arbor, MI

Honors & Awards

Teaching Effectiveness Award, UC Berkeley	2017
Outstanding Graduate Student Instructor Award, UC Berkeley	2017
Graduated with Highest Honors and Distinction, University of Michigan	2015
Excellence in Astrophysics Research Award, University of Michigan	2015
Foreign Language & Area Studies (FLAS) Fellow, University of Michigan	2014
International Institute Fellow, University of Michigan	2014
Upper-Level Writing Prize in Natural Science, University of Michigan	2014

Grants

Beta User, Open Science Data Cloud Computing Cluster — February 2014 - present

Co-I, Hiltner Telescope at MDM Observatory, AZ, U.S. — November 2014
Measuring the Mass Dependence of Galaxy Clustering, 15 nights

Teaching Experience

UC Berkeley, Department of Astronomy

Head Instructor

- Astro 9: Python Programming in Astronomy — Summer 2017

Graduate Student Instructor

- Astro 7A: Introduction to Astrophysics — Fall 2016
- Astro 160: Stellar Structure & Evolution — Fall 2015

University of Michigan, Department of Physics

Undergraduate Learning Assistant

- Physics 140: Introduction to Mechanics — Spring 2015
